> Transform Gaming into Social Moments

XtendPlay turns venues and online platforms into social hubs, connecting players with customizable games and real-time engagement. It combines entertainment and insights to:

- **Enhanced Social Engagement:** Community-driven features like leaderboards and real-time winner displays foster friendly competition and social interaction among players.
- **Boosted Customer Retention:** Personalized experiences and interactive tools keep players returning, building loyalty across venues and platforms.
- **Increased Dwell Time:** Engaging games like SnapChance and Bingo encourage players to stay longer, boosting venue revenue and online session durations.
- **Increased Revenue Opportunities:** Dynamic gameplay, subscription options, and branded events drive additional spending and open avenues for sponsorships.

Snap 
Chance

SnapChance

Win Big with Your Lucky Photo

A patented photo-based lottery that enhances player engagement by turning every photo into a chance to win prizes, boosting interaction with your venue or online game.

Customizable Game Library

Fully tailored to align with your needs

From traditional games like Bingo to innovative lotteries like LuckySeatz, our customizable library adapts to operator needs, driving engagement and retention.

Real-Time Engagement

Elevate Every Interaction

Interactive leaderboards, live notifications, and winner displays create a dynamic social hub, fostering friendly competition and boosting excitement.

"Integrating with the XtendGame platform has been a game-changer for our company. The entire process was streamlined and efficient, with the platform's API providing clear documentation that made the implementation seamless." - Roelant Reizevoort, Co-Founder, Lucky Seatz
